Tickets for the opening performance of the Lorne Elwyn company go on sale tomorrow morning.

A regular meeting of Neal Dow lodge, I. O. G. T., will be held Friday night. Those who desire badges will be present.

The big feature event of the current season in theatricals will be the presentation here of David Belasco's great play, "The Girl of the Golden West."

A large crowd attended the roller skating masquerade at Hale's Pavilion last evening. The prizes were won by Miss Amet and Mr. Jameson.

All suits belonging to the Boys' Brigade are requested to be returned to the Presbyterian church tonight at 7 o'clock. Per order Quartermaster Youngson.

A. E. Crawford, the popular shoe-maker, has opened a harness repairing department in his shop under the Barre Savings bank and solicits a share of your patronage.

About thirty young people chaperoned by Miss Christine Lewis drove in a four-horse team to East Montpelier, where a supper was served and dancing enjoyed until a late hour.

The theatre patrons of Barre and vicinity will greet with pleasure the popular Lorne Elwyn company; the mere mention of the name assures a crowded house every night. The manager of the company has just purchased a handsome \$75.00 fur-lined coat of the Homer Fitts company, which will be given away during the week of January 7th. The fact that the coat was purchased of the Homer Fitts company is a sufficient recommendation as to the coat's value. The coat is lined throughout with French mink, with a collar of blended mink, and is now on exhibition in the garment window of the Homer Fitts company.

We believe in the old saying, "The early bird catches the worm," and for that reason we have started our early sale on winter goods one month earlier than usual, and wish to announce to the trade that it is unnecessary to pay the long prices for any of your winter necessities in the way of furnishings, footwear, trousseaus, etc., as on all these articles we have made a tremendous cut in prices, as we wish to thoroughly clean up every winter article in the store before our spring goods (which are due about February 15) arrive. We would also call your attention to our Waltham and Elgin watches, ladies' and gents' chains, ladies' and gents' rings, and guarantee to save you money on whatever you select from this department. See adv. on page 5.

David Belasco's use and mastery of the science of lighting effects on a stage is probably more clearly shown in "The Girl of the Golden West," which comes to the opera house Saturday night, than in any other production credited to this producer. The fourth act shows a prairie at sunrise with "the girl" and the reformed road agent bound eastward, there to work out their destinies away from all faces and old associations. When the curtain rises, the time is a few minutes before dawn. The stage is one black, unfathomable mass, the only light being the flaming end of a cigar in Ramerrez' mouth. Slowly the darkness becomes fainter and fainter, and then gradually, but in a burst of glory that never fails to evoke an outbreak of applause from the expectant audience, the sun rises over the tops of the Sierra Nevada mountains in the distance, and its beams, creeping onward, illuminate the prairie foot by foot, until the little camp of the travelers rests in the full light of dawn. The effect cannot be adequately described in type. It must be seen to be appreciated.

There will be a special communication of Granite lodge, No. 33, F. & A. M., Friday evening at 7 o'clock. Work, E. A. degree. Per order W. M.
